Hello Class Two,

It's been lovely to speak to some of you last week and I look forward to speaking to some more of you this week.

This week is Christian Aid Week so I've put some resources and activities linked to that on the main Class 2 section on our Home Learning page.

I hope that you enjoyed V.E. Day last Friday. Please send in any activities/decorations/photographs that you would like to share on the school website via the email address below.

Stay safe.

Best wishes,

Mrs. Thomson

This website has some great STEM activities. Conduct an experiment to find out what happens to various liquids when they are frozen. Try and write down your predictions and then explain whether you were right.
