

YEAR 6 HOMELEARNING TIMETABLE

We aim to support all pupils to access and enjoy home learning during the period of school closure. Please remember that the health and well-being of our pupils and families is our top priority, so simply do what you can.

Stay safe, take care and look after each other!

Activities and web links are available at www.greatorton.cumbria.sch.uk (Classes > Home Learning)
Home Learning activities & resources will be added/updated each Monday at 9.00am.

Mathematics: The focus of your mathematics learning over the coming weeks is understanding the language of Fractions. Because this module was last covered during the Summer Term of 2020, when most people were at home, we are starting with a recap of year 4 learning to then move onto year 5 and year 6. This will help you to become familiar with the vocabulary of Fractions. To do this, we will be working through white Rose Fractions workbook Spring Term Block 2, which is in your week 6 workbook.

Reading Please continue to read for **at least** 20 minutes every day. Reading material can include: recipes, comics, home and/or school reading books etc. The school also has access to Oxford Owl which has online books (login details have been sent home).

<p>Dimensions Curriculum History/Art Project</p>	<p>Lesson 4: Create a Mosaic (See Create a Mosaic Sheet in your week 6 work pack)</p> <ol style="list-style-type: none"> 1. Using your mosaic plan from last week, create your mosaic using squares of different coloured paper and stick on the large A3 piece of paper. <p>TIP - It may be easier for you to stick strips of squares onto the paper you are using then cut each square out. This will ensure that your coloured squares are the same size.</p> <p>Resources You will need a variety of different coloured paper, depending on the colours you have used in your design. Using different tints and shades of the same colour can be very effective. The paper can be shiny, dull or sparkly. This can bring interest to a part of your design. You can you use old magazines etc. but ask a grown up first, before you start cutting things up!</p> <p>I have included sheets of squared paper to stick on the back of your coloured paper and a large A3 sheet of paper, for you to stick your finished mosaic on.</p> <p>Enjoy!</p>
