

This week in Maths Class Two will be continuing to learn about place value in numbers up to 1,000, using a variety of ways to visualise the numbers including base-10 blocks and number lines. We will also be starting a topic on geometry with Mrs Thomson.

In English Class Two will be setting up their guided reading groups, and continuing work on our text, which is the Russian folk tale 'The Firebird'. We will be writing in role and learning to use similes in descriptive writing. We will be doing spelling, grammar and punctuation work based on the Firebird with Mrs Thomson.

The children are expected to read for 15-20 minutes each night and to write a note in their reading record, including any difficult words that they don't know.
